Botox

Botox is one of the best known and most popular non-surgical treatments for treating lines and wrinkles caused by smiling, laughing and frowning. It is used to prevent the muscle contractions that cause furrows and fine lines when the face is making expressions. Botox is used in an artistic way to restore a relaxed and more youthful appearance to the face. The treatment is safe and virtually painless and results are visible within three to ten days, lasting for three to four months. In addition to the treatment of frown lines and wrinkles Botox is also used to treat Hyperhidrosis (Excessive Sweating).

Anti-wrinkle injections

Main areas includes:

Vertical frown lines, crows feet, horizontal forehead lines.

One area	£179
Two areas	£259
Three areas	£299

Male treatments

Bunny lines, chin, gummy smile and neck

Hyperhidrosis (excessive sweating)	£429
Axilla (armpits)	

Fillers

Dermal fillers can be used to improve the appearance of expression lines and scarring. These products are all hyaluronic acid based (non-animal fillers) which are used to replenish lost volume in the skin, smoothing out lines and wrinkles thus helping to erase the signs of ageing without resorting to surgery. We also offer lip enhancement and "smile boost" treatments.

Main areas include:

Nasolabial – nose to mouth lines
Marionette lines – mouth to jowel lines
Lip & cheek augmentation
Tear trough – hollows around eyes
Temporal hollows
Brow lift and Jawline

Specialist skin treatment

Epionce prescription facial **£50**

Epionce Lite refresh skin peel **£69**

Formulated to improve the appearance and texture of the skin by increasing cell turnover, this skin peel is the perfect “lunch-time” skin freshening treatment. It relieves skin congestion, dullness, sallowness and improves acne with no downtime meaning it’s great for all skin types including rosacea and sensitive skins.

Epionce Corrective Peel **£85**

The Epionce corrective peel is a more advanced treatment and is formulated to improve the appearance and texture of the skin by increasing cell turnover to reduce the appearance of fine lines, wrinkles and sun damage. The treatment can be varied in strength and intensity thereby customised to your individual needs. The corrective peel produces optimal results as a course of three and requires using Epionce products two weeks prior to the treatment taking place.

Microdermabrasion **£79**

Caci microdermabrasion uses an orbital skin resurfacing mechanism to remove the dead outermost layers of skin. As a result the newer, more vibrant skin that lies below is revealed, leaving your skin feeling and looking smoother, fresher, healthier and more youthful.

Combination Microdermabrasion and skin peel **£109**

These procedures are ideal for almost all skin types and are great for providing general improvement benefits. In addition microdermabrasion and skin peels are commonly used to treat and diminish fine lines and wrinkles, acne prone skin, acne scarring, blackhead and congested skin, sun damaged skin, uneven pigmentation and uneven skin texture.

Environ

This revolutionary treatment uses the Environ lonzyme machine to apply a combination of electrical pulses and sound waves to drive vital skin vitamins A,C,E and beta-carotene into the skin. The treatment stimulates maximum thickening of the skin, helps to improve collagen and elastin levels, soften lines and scars, reduces uneven skin tone and increases hydration. A course of 6 is recommended along side a prescribed home care regime to achieve optimum results.

Advanced active vitamin facial (90 mins) /classic (60 mins)

£79/£63

The freshest, most active forms of Vitamin A, C and Anti-Oxidants are driven deep into the lower layers of the skin using soundwaves and small electrical pulses. This scientific approach stimulates collagen to soften lines and improve elasticity, increase hydration and boost radiance. It is suitable for all skin types and is particularly effective at addressing sun-damage, pigmentation, premature ageing, dryness, uneven skin tone and scarring with measurable differences after just one session.

Focus frown facial

£79

This highly effective treatment uses a special penta-peptide serum to target frown lines and achieve dramatic results. The unique combination of active ingredients is driven deep into the skin to soften lines and reduce muscle tension in the forehead helping to prevent new lines forming. The treatment targets the same chemical complexes as injectables and works well in conjunction with such treatments.

Hydra boost facial/express

£89/£69

This intensive treatment deeply hydrates while plumping and firming the skin. Based on hyaluronic acid, which holds 1000 times its own weight in water, it helps to reduce fine lines caused by dehydration and increase the plumpness of the dermis, resulting in moisturised, glowing skin.

Cool Peel treatment

£65

This revolutionary approach to peeling achieves incredible results without damaging the skin. Low strength Lactic acid is used to reduce the skin PH and trigger the release of growth factors, which in turn creates tighter, smoother skin. It destroys bacteria, boost hydration and removes the build-up of dead skin cells, helping to decongest the surface and smooths its texture. This is a great treatment for lines, wrinkles, sun damage, rough or problem skin and rosacea.

Caci

Renowned for its non-surgical facelift, CACI Synergy uses patented micro-current technology to re-educate and lift the muscles of the face as well as target the main visible signs of ageing. It also comprises of orbital microdermabrasion, ultrasonic peeling and CACI's unique wrinkle comb. For optimum results, we recommend that all facial toning treatments are carried out in courses of 10-12 twice weekly followed by a single monthly maintenance treatment.

Facial Toning

Synergy Non-Surgical Face Lift and Skin Rejuvenation with S.P.E.D* £90

A luxury treatment combining all aspects of the new CACI Synergy system for facial toning, leaving a youthful and radiant complexion. Comprising of CACI's non-surgical facelift and ultrasonic peeling, orbital microdermabrasion, wrinkle comb and nourishing hydromask, this is the ultimate treat for your skin.

Non-Surgical Face Lift with S.P.E.D* £69

CACI's breakthrough S.P.E.D technology is used to lift and tone the facial muscles whilst dramatically reducing the appearance of fine lines and wrinkles leaving a more youthful appearance and clear, glowing skin.

Jowl Lift with S.P.E.D* £38

Designed to lift, firm and refine facial contours using S.P.E.D technology to specifically target muscle laxity around the jawline.

Eye Revive with S.P.E.D* £38

S.P.E.D technology is used to target hooded eyelids, fine lines and wrinkles whilst serum-filled rollers and a nourishing eye mask tackle puffiness and dark circles, great for those with tired eyes.

Electro-Cellulite Massager (Bum lift) £40

Designed to effectively contour the legs and buttocks, CACI's electrically-charged massage roller is used to reduce inches and smooth the appearance of cellulite by breaking down fatty deposits and improving lymph drainage.

*Breakthrough S.P.E.D™ technology (simultaneous photo-electrical delivery) combines CACI's signature micro-current and high brilliance LED light therapy for enhanced skin treatment results. Red light is used to stimulate cellular turnover and collagen production whilst blue light is used to calm redness and kill bacteria - an effective treatment for acne and blemishes.

Tattoo Removal

At Bodilight we use specialised laser technology to diminish your unwanted tattoos. The treatment is simple, safe, and effective. Treatments are charged per session. For optimum results we recommend booking a course of a minimum of 6 treatments. The prices shown are an indication, however during your consultation your tattoo will be assessed by a specialist who will advise you on your suitability, expected results and number of treatments. 20% saving when purchasing 6 or more sessions.
